REWINDABLE AIR HOSE REEL 8MM ID X 30METRE

This heavy duty TradeQuip "Made for the Trade" wall-mountable air hose reel frees up storage space and keeps your hoses organised and protected! Beveled flanges make it easy to roll hose without kinking and a sloped barrel allows for easier winding. The durable hose reel also includes 30 metres of 8mm diameter poly cord German manufactured rubber air hose. TradeQuip Hand Crank Hose Reels offer lightweight, compact portability for the most common lengths of hose found in todays modern workshops.

FEATURES

- Heavy duty steel construction
- Durable powder coat finish
- CNC robotically spun and ribbed discs with rolled edges provide strength and durability
- Hose control bar prevents hose from slipping
- Adjustable tension brake prevents free-wheel
- Base holes for temp or permanent installation
- German made rubber air hose & brass fittings
- Mounts to floor or wall
- Manual-rewind quickly retracts hose
- Eliminates storage and handling problems
- Beveled flanges rolls hose without kinking

**MADE FOR THE
TRADE**
