

PRODUCT INFORMATION

TRANSMISSION LIFTER PASSENGER VEHICLES

RATED FOR RWD/FWD/AWD GVM <2,300KG

This 2-Stage telescopic hydraulic Transmission Lifter offers a wide range of versatility designed to help increase workshop productivity. For use with car and light truck transmissions. The universal mounting head provides a wide fore and aft tilt range. A wide base is enhanced by four heavy-duty steel swivel castors and both a ring handle and a pull bar for easier manoeuvring throughout the workshop. Has a manual operated hydraulic system with smooth hydraulic lift and descent. The foot operated pump and release valve keep the mechanics hands free during use. The height adjustability of this telescoping transmission lifter makes it great for any transmission installation or removal.

Features

- Frame is constructed of high-grade steel and built to exacting standards for quality and durability
- Lead-free paint finish ensures a long-lasting finish and to help prevent rust and is oil, grease and dirt-resistant for easy cleanup
- High quality large diameter hydraulic steel cylinder unit results in lower oil pressure needed to lift load
- Piston-ram is treated and polished to reduce wear and extend service life

MADE FOR THE TRADE

Specifications

- Safe working capacity: RWD/FWD/AWD GVM <2,300KG
- Rated capacity: 500kg
- Working height: 870-1850mm
- Cradle size: 250 x 362mm
- Tilt: Fwd 15° Tilt Rwd 7°
- 2 Stage lift Base: 810 x 810mm
- Weight: 73kg

PRODUCT CODE: 2002T
