

# PRODUCT INFORMATION

## TRANSMISSION LIFTER PASSENGER VEHICLES

**RATED FOR RWD/FWD GVM <2,000KG**

This 2-Stage hydraulic TradeQuip “Made for the Trade” Telescopic Transmission Lifter offers a wide range of versatility designed to help increase workshop productivity. Rated to safely work with Transmissions from vehicles with a GVM of less than 2,000kgs, the universal mounting head provides a wide fore and aft tilt range. The foot operated manual hydraulic system has a smooth hydraulic lift and descent. The foot operated pump with a foot release valve lever provides a steady and mechanically controlled safe descending speed.

### Features

- Designed for lifting & lowering passenger car transmissions
- Durable steel frame
- Adjustable lifting platform for quick adjustment for most pan configurations
- Load control chains hold transmission in place
- 4 swivel castors provide stability and easy manoeuvrability

**MADE FOR THE TRADE**

**TIPS FOR SAFE USE**
