

PRODUCT INFORMATION

AUXILIARY LIFTER KIT

500KG SAFE WORKING CAPACITY

This 500kg capacity TradeQuip "Made for the Trade" Hydraulic Telescopic Auxiliary Lifter has a 4 prong mounting cradle suitable for partial temporary support of vehicle components. The foot-operated quick lift pump frees up operator's hands when positioning for lift and the hand operated lowering mechanism provides safety with its extra slow lower control. Not intended for supporting loads and not intended as a stand alone transmission lifter

Features

- Designed for partial temporary support of vehicle components during removal and installation of components
- Nylon wheels and full swivel ball bearing castors for easy movement
- High polished chrome-plated rams provides smooth operation to maximise its high reach that is lifted by the user-friendly hand release pedal
- 4 prong mounting cradle
- Included "cup" style saddle for smaller areas of work
- Unique hand release knob provides extra slow control safety when lowering
