## HYDRAULIC MOTORCYCLE LIFTER

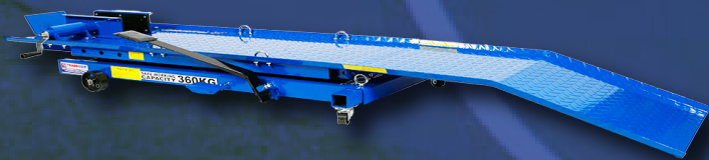

**360KG SAFE WORKING CAPACITY**

This TradeQuip Hydraulic Motorcycle Lifter has a safe working capacity of up to 360kg. Our design features include a full steel ramp, scissor lift technology and convenient mobility with 2 swivel and 2 fixed castors. The base frame is made of quality steel tube and the platform is manufactured of checker plate. Front wheel clamping jaws are stepless (up to 135mm) with stability assured via the crank handle. A quality hydraulic foot pump easily raises and lowers the ATV/Bike load, whilst the automatic safety lock delivers piece of mind safety and security.

### FEATURES

- Designed to deliver the ideal lift for use with motorcycles, ATV's, tractors, etc
- Two adaptor bars provide additional clearance for high chassis motocross bikes
- Automatic load locking bar for safety
- Quality swivel castors, for easier to positioning and moving around the workshop
- High gloss enamel paint finish
- Does not include tie down straps

**MADE FOR THE  
TRADE**
