## FREE STANDING BLASTING CABINET

220LITRE CAPACITY

The TradeQuip "Made for the Trade" 220Litre Blasting Cabinet is manufactured using heavy gauge steel. It includes a stand, hopper and acrylic protective screen. It comes with an internal low voltage fluorescent light, tempered glass screen with replacement shields and grip textured gloves to ensure a secure grasp on all objects. A wide side door opening and large viewing window make this blast cabinet ideal for cleaning automotive parts. This heavy duty blast cabinet is constructed of 19 gauge steel and comes equipped with sand blasting gun and four ceramic nozzles.
