SODA BLAST RETROFIT KIT

The TradeQuip "Made for the Trade" Soda Blasting Retrofit Kit is designed for use in conjunction with our 19, 37 and 75 Litre Mobile Sand Blasting Kits. Quick and simple to fit and use. Switching to Soda Blasting is especially suitable for removing paint without harming sheet metal, glass, or chrome. Perfect for restorations in the classic car market as soda will not etch glass and will not warp or remove metalwork. Surface will be left silky smooth. Soda also leaves a rust inhibitor behind for up to six weeks.

FEATURES

- Soda won't damage or warp metal
- Perfect for stripping fiberglass
- Environmentally friendly
- Strips without chemicals

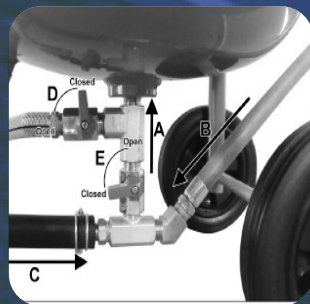

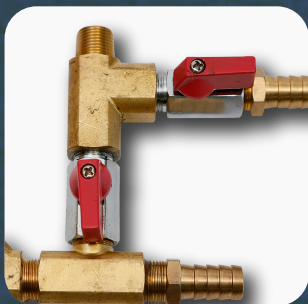

**MADE FOR THE
TRADE**

FITTING INSTRUCTIONS

Remove the Standard Manifold
Loosen the hose clamp on the blasting hose and pull the hose off the connector.
Unscrew the air hose from the manifold.
Unscrew the manifold from bottom of the tank.

Fit Soda Blasting Manifold

Screw in the new manifold until tight
Screw in the air hose and tighten with a spanner.
Push the blasting hose onto the lower connector,
If the exhaust hose is not connected push it onto the remaining connector.
