Hydraulic

Workshop Press

20,000kg Safe Working Capacity

This "Borum" "Industrial Quality" 20,000kg Hydraulic Workshop Press has a high quality large diameter hydraulic steel cylinder unit results in lower oil pressure needed to compress the load. Fitted with an integrated overload protection valve the ram is powered by a manual two-speed pump, and the non-slip bed winch features a steel cable roller for easy raising and lowering of the press bed. To protect the operator against unexpected hazards during operation, this press is fitted with a heavy duty safety guard.

Features

- Heavy-duty H-frame built to exacting standards for quality and durability
- Lead-free paint finish for a long-lasting finish
- Paint finish is oil, grease and dirt-resistant
- High quality large diameter hydraulic cylinder
- Dependable double spring fast retraction
- Piston-ram is treated and polished
- Reinforced head bolster for added strength
- Pair of bed plates included

**INDUSTRIAL
QUALITY**
