## Air/Hydraulic Bottle Jack

Safe Working Capacity 20,000kg

This heavy duty 20,000kg Borum Industrial Air/Manual Bottle Jack packs a big punch, providing enough lifting power for use with farm vehicles, heavy-duty machinery, industrial construction equipment and more. The 2 piece removable handle is long enough to lift the load with ease and also helps to position the jack. Use this workhorse with a 90-120psi rated air pressure supply to lighten the load and provide the fast, strong lifting power you need, or operate it manually for normal operation just about anywhere. The safety overload valve offers extra protection if you load the jack up with too much weight.

The safety overload kicks in and gently lowers the load before the operator is put in a dangerous situation.

INDUSTRIAL WORKSHOP EQUIPMENT

### Features

- Manufactured of superior-grade steel
- Industrial quality hydraulic cylinder unit
- Precision machined, chrome plated and polished piston-ram
- CNC machined ports and threads
- Built-in hydraulic by-pass protection
- Versatile "quick connector" design for easy removal of air hose
- Compact Industrial Quality Air Turbo Motor
- Lead-free paint is oil, grease and dirt-resistant for easy cleanup
- Thick welded base for heavy duty use

**INDUSTRIAL  
QUALITY**

### Specifications

- Safe Working Capacity: 20,000kg
- Height: Min. 263mm Max. 503mm
- Hydraulic Lift: 160mm
- Adjustable Height: 80mm
- Base Area: 200 x 152mm
- Operating Air Pressure: 90-120psi
- Air Inlet Fitting: 1/4" x 18NPT
- Nett Weight: 16.5kg
